Fuchsias . . .

A WELCOME NOTE—We cordially invite the public to visit our gardens, the best season for Fuchsia blooms extending from May to November. Besides our World Famous Fuchsia collection, we take great pride in our ornamental trees and shrubs, many of which are uncommon and rare.

NAMES—The names given are those most generally accepted and we are constantly working to clear up nomenclature where in doubt, in fact have imported plants from abroad merely to clear up doubt in some instances. The varieties in our previous list have been thoroughly checked for duplications and where a name is missing from this list it will generally be found under a more correct name.

CULTURE—Fuchsias love the shade and moisture and for this reason are well adapted for the shady side of buildings where they give a wealth of bloom. They respond to a rich soil and applications of well rotted manure is advocated with additional feedings of more concentrated plant food. They will not stand an outside temperature below 20 degrees Fahrenheit.

PRICE—Price of all plants except where noted otherwise are as follows:

Four-inch pots, 6 inches high, at 25c each.

Four-inch pots, 8 to 12 inches high, at 35c each.

Six-inch pots, 12 to 18 inches high, at 50c each.

Nine-inch pots, specimen plants, \$1.50 and up.

Trained to standard form with iron frame and umbrella top at \$5.00 each.

Trained to standard form without frame, \$2.50 up.

Specimen plants at \$1.50 each and up.

SUBSTITUTIONS—When ordering by mail it would be wise to list a few substitute varieties in case certain ones ordered are out of stock. Otherwise we will use our discretion in making substitutions.

SALES TAX—All orders in California add 3% sales tax to the above prices. Orders from 15 cents to 49 cents, 1 cent tax; 50 cents to 83 cents, 2 cents tax; 84 cents to \$1.16, 3 cents tax; \$1.17 to \$1.49, 4 cents tax; \$1.50 to \$1.83, 5 cents tax and for each additional \$1.00 add 3 cents. Orders shipped outside of California are not subject to this tax.

SHIPPING—We prepay all cash orders over \$1.50 in California. Outside of California, shipping charges are to be paid by purchaser. Such orders will be sent charges collect if payment does not cover. For instance, four plants from four-inch pots will weigh three pounds packed for shipment and for each plant over four add one-half pound and rates from the different zones may be computed.

SAMPLE SHIPMENT—To help you get acquainted with these delightful flowering plants we make a special offer of one dozen plants, all named and different for \$2.50, postpaid anywhere in the United States. These plants to be of our selection, although you may designate varieties you already have and we will not duplicate. See page 21 for quantity price.

Fuchsia Species

FUCHSIA BOLIVIANA

BOLIVIANA (Braziliensis) — Bolivia. Standing more sun and heat, tall growing, free blooming over the summer, with clusters of long thin flowers of scarlet red. Illustrated in color.

CORALLINA (Exoniensis) — Large flowers with scarlet sepals and deep purple corolla.

CORDIFOLIA — Guatemala. Tall upright shrub, very short corolla of yellowish white shaded red, deep pink to light scarlet tube and short sepals tipped green. 2½ inch pots, 35c; 4 inch, 50c.

CORYMBIFLORA—Peru. Tall growing with clusters of coral red thin flowers.

CORYMBIFLORA ALBA—Peru. Tall growing like preceding with long thin white tube and sepals and short deep red corolla.

COCCINEA—Long light pink sepals with shorter bright scarlet corolla.

EXCORTICATA—New Zealand. In its native country this variety attains tree-like dimensions. Foliage narrow, dark green, silvery beneath and flowers of dark purple.

FULGENS—Mexico. Large hairy light green leaves with orange vermilion corolla, orange-pink tube with green tipped sepals.

ISIS—Mexico. Medium height, with small glossy blue-green foliage and a mass of tiny bright crimson flowers.

LYCIOIDES (Colensoi) (Rosea)—Tall upright shrub with medium small rosy red flowers on terminals, tube and sepals lighter red.

MACROSTEMMA ALBA — Chile. Tall upright growing variety with small leaves and small blooms of almost pure white in both corolla and sepals. It has the faintest lilac flush to the flower. A real new and rare variety. 4 inch pots, 35c; 6 inch pots, 75c; specimens up to \$3.50.

ALPESTRIS—Brazil. A rare species growing to great height in its native state. Foliage long and narrow, with reddish tinge on underside. Small, slender red and violet flowers. 4 inch pots, 50c.

ARBORESCENS (Syringaeiflora)—Mexico. Erect terminal panicles of small rosy lilac flowers. Different from all other Fuchsias. Strong growing.

BACILLARIS — Mexico. Rosy drooping very small flowers with flaring mouth. Compact grower. 2½ inch pots, 35c.

MAGELLANICA (Peru)—Short blue purple petals, red sepals.

Fuchsia Species—(Continued)

MAGELLANICA GLOBOSA—Mexico and Peru. Medium small flowers of scarlet sepals and purple corolla.

MAGELLANICA GRACILIS—Peru and Chile. Strong growing almost climbing in habit. Small narrow leaves and small thin flowers with narrow red sepals and short purple corolla.

MAGELLANICA GRACILIS VARIEGATA—Flowers same as *Gracilis* above with silvery white variegated foliage. 2½ inch pots, 25c; 4 inch pots, 50c.

MAGELLANICA PROSTRATA—A creeping variety with red sepals and violet corolla. Single.

MAGELLANICA RICcartoni—Spread-ing bushy habit with red sepals and larger purple corolla than preceding variety.

MICROPHYLLA (Mexico) — Dwarf small leafed, deep red drooping flowers.

PROCUMBENS—New Zealand. A trailing variety with tiny leaves and short orange tube with reflexed purple sepals, no corolla. Blue stamens. Fine for the rock garden in the shade. Red fruit.

REFLEXUS—Small bushy plant with tiny flowers of orange scarlet and reflexed red sepals.

SERRATIFOLIA—Peru and Chile. Long tube white tinted carmine shading to green at tips of sepals, deep orange pink corolla shading to carmine base. 2½ inch pots, 35c; 4 inch pots, 50c and 75c.

SPLENDENS — Mexico. Bushy habit of growth with bright orange tube and sepals tipped green, corolla orange red. 2½ inch pots, 35c; 4 inch pots, 50c and 75c.

THYMIFOLIA—Mexico. Minute flowers in profusion with tiny crimson sepals and petals. Tube of lighter shade. Prominent white stamens. One of the smallest flowers of the group.

TRIPHYLLA — Medium grower with bronze red foliage and clusters of tubular orange red flowers.

VIRGATA — Mexico. Graceful sprays of crimson flowers.

Trailing Fuchsias

For window box culture, hanging pots and baskets.

Trailing Fuchsias in 10-inch hanging pots complete with plant and pot and wire hanger at \$2.50 each and up. See black and white illustration.

PRICE—Price of all plants except where noted: 4 inch pots at 35c each 6 inch pots at 50c each.

AUTUMNALE (Meteor) — Highly colored foliage of bronze and orange, flowers scarlet sepals and purple corolla.

BABY BUNTING (Dr. Legan) — Single pale lavender blue corolla and pale rose sepals. Golden foliage. 50c each.

HANGING POT

Trailing Fuchsias—(Continued)

BETTY (Hazard & Hazard) — Trailing small semi-double, tube and sepals rose red, corolla rich creamy white veined rose red. 4 inch pots, 50c each.

BALKON—Trailing habit which may be staked up and allowed to droop when it may be well shown with its deep pink corolla and lighter pink sepals. Medium sized flowers. Very fine.

CALEDONIA—Dwarf, semi-trailing, with long thin light red tube and sepals, carmine corolla. Light green foliage.

COVENT GARDEN — Long flowers with deep pink corolla and white tube and sepals. 35c.

EVERLYN LITTLE—Medium sized flower with rose pink corolla flushed lavender blue, sepals deep pink. Semi-trailing.

CASCADE (Dr. Legan)—One of the finest trailers producer, good grower and fine foliage. Masses of large single blooms, long pointed sepals white flushed carmine and deep carmine corolla, spread of sepals usually about six inches. 4 inch pots, 35c; 6 inch pots, 50c.

CLARET CUP (Dr. Legan)—A large single with a corolla of Rose Bengal edged deep magenta. The large recurved sepals are pale carmine. A striking plant in the garden where it gives a clear strong color. 50c each.

FIREFALL (Victor Reiter Jr.)—Long tube and long sepals of carmine with single elongated petals of fuchsia red. A gorgeous trailer with bronzy red foliage and stem. Price, 4 inch pots, 35s each.

FIREFALL

Trailing Fuchsias—(Continued)

HALLOWE'EN (Dr. Legan)—Very large single flower with deep rose single corolla and very lightly flushed pink sepals. A good mate for Cascade. 50c and up.

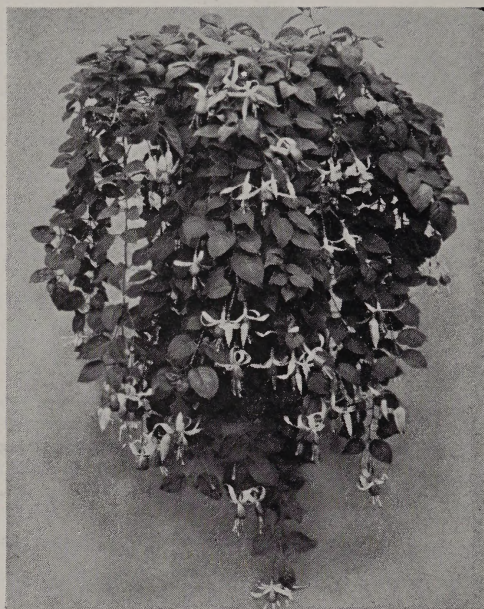

MAGELLANICA PROSTRATA—See species above for description.

MARINKA (Red Cup)—Almost a self color with rosy scarlet corolla and crimson scarlet sepals. Semi-trailing but making a fine display when staked up to show the blooms.

MORNING MIST — Corolla orange red shaded purple and brick red, long tube and sepals of soft orange pink.

MRS. VICTOR REITER (Reiter Sr.)—A long tubed single bi-color. The plant is of a weeping habit and the flowers of the Mrs. Rundle type, one of its parents, with exactly the same fine tube and sepals but with a finer more opulent corolla. The corolla is pure crimson fading to creamy white at extreme base. The slender sepals and the long tube are creamy white occasionally tinted pale rose. One of the finest and most perfect of all the red and white bi-colors. Recommended for hanging pots or growing in ground for medium size plants. 50c each, 4 inch pots.

MURIEL — Scarlet sepals, large single twisted petals of rosy lilac. Fine.

CASCADE

PROCUMBENS—See species above for description.

TRAILING QUEEN—Trailing habit with fuchsia red corolla and long pointed bright scarlet tube and sepals. Very showy.

TRAILING KING—Trailing habit as preceding with lighter colored corolla and sepals.

Single Flowered Fuchsias

ALICE HOFFMAN—Compact bushy plant with masses of medium sized flowers with white corolla and rose colored sepals. Very fine.

AMELIA AUBAN—Single white tube and sepals, rosy cerise corolla. 50c.

AMY LYE—Upright grower with white sepals flushed delicate pink and reddish salmon corolla.

ANNIE EARLE—Deep pink shaded orange corolla, tube and sepals waxy white, very lightly shaded pink. Tall.

ANTIGONE — White sepals and orange pink corolla. 4 inch pots 50c.

APRIL—Dwarf, compact habit with bright red sepals, single violet corolla. 50c.

ARABELLA—White tube and sepals delicately flushed white, bright rose corolla.

Single Flowered Fuchsias—(Continued)

AURORA BOREALIS (Speciosa) — Bright orange red corolla with narrow pointed sepals of soft pink tipped green. Tall.

AURORA SUPERBA—Sepals and tube of light orange apricot, corolla of deep orange peach. One of the very fine importations of a few years ago. 2½ inch pots, 25c; 4 inch pots, 35c and 50c.

AVIATOR (Deiner)—Long twisted red sepals and long white petals. A fine variety. 35c.

BEAUTY OF SWANLEY (Villa Hebe)—Very soft rose corolla and long pointed white sepals very lightly tinted pink. A fine variety.

BEAUTY OF TROWBRIDGE—White tube and sepals, single deep pink corolla. 35c.

BEVERLY HILL (Evans & Reeves) — A strong grower with enormous single flowers and corolla of a wonderful shade of burgundy red. Long elegant sepals of glowing pink with white striping. 35c.ea.

CALIFORNIA (Evans & Reeves)—Tall vigorous grower with good sized flowers of bright orange and sepals of coral pink. A fine one for growing into tree form. 35c each.

BLUE MOON (Niederholzer) — Large single deep blue purple corolla and red sepals. 35c each.

BRILLIANT—Masses of bloom with scarlet sepals and violet corolla.

BRUTUS—Rich dark purple corolla with carmine base, rich scarlet sepals. Bushy compact growth.

CARMENCITA — Semi-double white with carmine veins, the outer row of petals suppressed, bright scarlet sepals.

CARMINE QUEEN—One of the our own hybrids with long tube and sharp pointed sepals of deep carmine, single deep carmine mauve corolla.

CARNEA — Distinct with dwarf or semi-trailing habit and small flowers of very short mauve purple corolla shaded carmine at base with longer pointed bright scarlet sepals.

CHARMING — Medium small long tube and sepals of carmine with reddish pink corolla.

CINDERELLA (Hazard & Hazard)—Similar to Alice Hoffman with single flowers, sepals and corolla longer. New foliage bronzy. 4 inch pots, 50c each.

CLAIRE DE LUNE (Moonlight)—Broad leaves similar to Monterey. Long narrow blooms of salmon-orange, corolla flaring out at end of tube. 4 inch pots, 50c.

CLIPPER—Tall upright growth with rosy purple corolla and cerise pink sepals.

COCCINEA FLOREAN—Long violet purple corolla shaded carmine at base with long pointed scarlet sepals. Very free flowering.

COLIBRI—A rather compact grower with small leaves and small red tube and sepals and blue purple corolla.

COUNTESS OF ABERDEEN (Schneewitschen) — A gem in the Fuchsias with small pale pink, sometimes white corolla, with white tube and sepals. 2½ inch pots, 35c.

CUPID—Deep blue pink corolla and deep pink sepals. Medium growing with an abundance of bloom. Fine for pot culture.

Single Flowered Fuchsias—(Continued)

DALLIANCE—Large luxuriant leaves and large blooms of light red sepals and tube, bright red petals. A fine variety.

DANIEL LAMBERT—Tall growing with blue corolla shaded pink, rose pink tube and sepals.

DIANE (Hazard & Hazard)—The grower says, "Not a flashy fuchsia but a decidedly charming one," and we must agree that it is a most charming fuchsia. This was shown at our 1939 Fuchsia show. A generous bloomer with a corolla of cameo pink and the sepals and tube a waxy white. \$1.00 each.

DISPLAY (Karl Blanc-Prince Charming)—Saucer shaped corolla with broad petals of deep pink set upon clear pink sepals. Medium growing.

DON PEDRO — Very large carmine red petals and crimson sepals.

DUCHESS OF ALBANY—Tall growing with masses of flowers, deep reddish pink corolla set upon waxy white sepals faintly tinted.

BEAUTY OF SWANLEY

EARL OF BEACONSFIELD — Very long light carmine tube and sepals with short vermilion corolla. 2½ inch pots, 35c; 4 inch, 50c.

ELAINE—One of our hybrids from Little Beauty. Compact grower with blue pink corolla and deep rose sepals. Medium sized flowers.

ELEGANCE — Tube and sepals white, single blush pink corolla. 35c.

ELYSEE—Masses of medium sized flowers, sepals scarlet, lilac blue corolla.

EMILE ZOLA—Large clusters of flowers of bright rosy magenta corolla and scarlet sepals.

EPHSII — Medium sized flowers, single rosy salmon corolla, sepals of lighter shade. 35c.

ERNEST RENAIN — Rich rose pink corolla shading to white at base, inflated tube and sepals waxy white.

ERECTA NOVELTY—Single white and light pink, corolla margined with rose. Flowers erect. 50c.

ERECTA NOVELTY

Single Flowered Fuchsias—(Continued)

FORMOSISSIMA — Tube and sepals creamy white, single soft rose corolla. 35c.

GEORGE BARR (Hazard & Hazard)—Except for its white anthers this might be called a very much enlarged Venus Victrix. Very floriferous. 50c each.

GLENDAL (Evans & Reeves) — A tall growing vigorous fuchsia with a profusion of rather small dainty single coral pink flowers. They say will stand full sun. 50c each.

GEROLDSTEIN—Tall loose growth with blue purple corolla veined carmine at base and with incurved light carmine sepals.

GRAFFE WITTE — An abundance of rather small flowers with purple corolla shading rosy mauve and light scarlet sepals.

HARLEQUIN (Hazard & Hazard) — Unusual with rose red sepals, long slender curled and twisted (pinwheel-like) with corolla of madder violet much striped with rose red, base of petals rose red. 50c each.

HENRI POINCARE

HAUT MONDE (Hazard & Hazard) — Single corolla of tyrian rose, sepals creamy white washed with tyrian rose. Lovely foliage and they say a most charming fuchsia. 50c each.

HENRI POINCARE — Long violet blue corolla and pointed red sepals. Very fine. 4 inch pots, 35c; 6 inch pots, 50c.

HERON—Very large corolla of blue purple flushed carmine at base, broad scarlet sepals with deep crimson on reverse. Very fine medium grower.

ISTAR—Tall growing with dark purple corolla set on flat scarlet sepals. Medium sized flowers.

JANE EVANS (Evans & Reeves) — Large single blossoms of coral and salmon with petals a vivid shade of salmon and cerise. Vigorous grower. 50c each.

JUNECAROLYN (Evans & Reeves)—Long single flowers with corolla of coral blended with carmine and orange pink sepals. Tall grower with fine foliage. 50c each.

LUSTRE IMPROVED

Single Flowered Fuchsias—(Continued)

JULIUS—Tube and sepals red, single rosy lavender corolla. Very attractive. 35c.

LADY HEYTESBURY—Medium growing with deep rose corolla with white tube and sepals.

LEEANNA BELL (Hazard & Hazard)—Single pink and violet corolla, petals edged red, sepals and tube pink. Very graceful habit. 35c each.

LEO DELIBES—Large single violet purple corolla and soft pink sepals.

LIBUSE (formerly listed as Mr. Snyder)—Self colored flower of medium size with corolla and sepals of vermilion red. Tube of deeper shade.

LITTLE BEAUTY—Dwarf compact bush, very free flowering with lavender blue corolla changing to rosy lavender, deep pink sepals.

LONGIPENDUNCULATA—Very long thin small flowers on tall bush with violet purple corolla and light scarlet sepals.

L'ENFANT PRODIGE — Long willowy semi-trailing growth with small deep purple corolla and deep pink sepals.

LORD BYRON—Dwarf bushy habit with medium sized flowers of deep velvety purple corolla and short tube and sepals of bright scarlet.

LOS ANGELES (Evans & Reeves)—Beautiful long single flowers of waxy coral apricot and petals of deep orange suffused with vermilion. 50c each.

LOVELINESS — Tube and sepals waxy white, single violet pink corolla, edged carmine. 35c.

LUCIENNE BREVAL—This is a fuchsia that is all we have claimed for it. Single long slightly twisted corolla of white delicately shaded rose. Long pointed softly tinted sepals. 4 inch pots, \$1.00.

LUSTRE IMPROVED — Medium growing with bright orange red corolla and creamy white tube and sepals.

LYE'S EXCELSIOR — Creamy white sepals and carmine pink petals.

MADAME THIBAUD—Strong tall growing with long pointed bud opening to cup-shaped corolla of bright violet rose. Long narrow deep rose sepals. Heavy masses of bloom. 35c.

MADAME VANDER STRASS — Single white veined and flushed pink, deep pink sepals.

MASTERPIECE—Like the preceding in growth and wealth of bloom, corolla light fuchsia red and pronounced reflexed scarlet sepals.

MINNESOTA—Deep purple shading to carmine to white base of petals, green tipped white sepals delicately overlaid with rose.

MISS JACQUELINE (Evans Gardens)—They say—Large single open flowers, brilliant red sepals, rich violet petals with glossy sheen. Bushy habit. 4 inch pots, 50c.

MISS JOAN HADDOCK—Medium sized mauve purple flowers and bright red sepals.

MME. AUBIN—Vigorous grower with deep orange pink corolla and soft salmon sepals. 4 inch pots, 75c.

AVIATOR

Single Flowered Fuchsias—(Continued)

MME. CORNELISSEN — Long single white corolla with bright scarlet sepals.

MME. J. FEUILLET—Single white heavily flushed pink with deep pink sepals. fine. 4 inch pots, 50c.

MONTEREY — Bright orange pink short corolla, narrow and sharply pointed sepals of soft pink delicately shaded orange. Broad leaves. 2½ inch pots, 35c.

MRS. J. D. FREDERICKS (Evans & Reeves) — Fast growing plant with masses of dainty salmon pink blossoms. Should be allowed to grow into a large spreading specimen. (And they say will grow in full sun.) 50c each.

MRS. MARSHALL—Creamy white sepals and rosy cerise corolla.

MRS. POPPLE—Tall growing with scarlet sepals and rosy mauve corolla.

MRS. RUNDLE—Very long tube and very long pointed sepals of flesh color, with vivid orange corolla. A real beauty. 2½ inch pots, 35c.

MRS. W. H. WARE (Hazard & Hazard)—Sepals long reflexed white flushed pink, corolla blue violet, pink at base changing to beautiful red violet in aging flowers. Tall and graceful. 35c each.

MU LAN (Hazard & Hazard)—A healthy strong growing fuchsia, naturally producing a tall well formed bush. Good foliage and very floriferous. Single corolla of creamy white veined light rose red with four large petals with edges picoteed. The long sepals light rose red in side, waxy dark rose outside. Much recurved. The producer says, "The unusual color and unique habit of its long twisting, curving, rolling sepals and wealth of bloom provide Mu Lan with a quaint oriental effect found in no other fuchsia." 50c each.

MURIEL EVANS (Evans Gardens) — Medium sized single flowers, sepals and petals of rich scarlet.

NANCY LEE (Hazard & Hazard)—Their description—small single, pink and blue, dainty and loveable. 50c each.

NESTOR — Small single flowers with carmine sepals, mauve corolla. 50c.

OLYMPIA—Pale rose pink sepals, single carmine scarlet corolla. 50c.

PATRICIA — Long thin flowers, light salmon sepals, darker salmon petals.

PERKY (Hazard & Hazard)—Sepals waxy white, very sharp pointed tips of deep pink. Corolla single pink. Habit of growth tall and upright. Foliage small and neat. 50c each.

PRESIDENT—Large flowers with sepals and petals of rich red. Reddish foliage.

PRINCE OF ORANGE — A real gem of slow growth with deep orange vermilion corolla and soft carmine tube, sepals of deep salmon pink. 2½-inch pots, 35c.

PUMILA—Dwarf compact plant with tiny mauve purple corolla and scarlet sepals. Distinct variety.

QUEEN OF BEAUTIES — Waxy white sepals, single rosy carmine corolla. 50c.

ROSE OF CASTILE — Small flowers of short corolla of lavender flushed rose and shaded lighter at base of petals. Tube and sepals of delicate rose color.

ROSE OF CASTILE IMPROVED—Growth more erect with corolla of deeper blue shading and sepals of deeper pink.

ROSE OF DENMARK—One of the best with corolla of pale rose shading to deeper rose at edge of petals, reflexed pale blush sepals. 2½ inch pots, 35c. 4 inch pots, 50c.

Single Flowered Fuchsias—(Continued)

ROSECROFT (Rosecroft Gardens) — Holly-leaved fuchsia. Foliage resembling holly leaves. Long beautifully formed blossoms of striped pink corolla and long curved sepals of carmine. 35c each.

ROSE PILLAR (Reiter, Jr.)—In our estimation one of the finest fuchsias in an entirely new color. The plant is strong and tall, resembling Pink Pearl in foliage and vigor. The flower is a single large saucer-shaped type. The entire flower is of clear Neyron rose edged with a thick margin of geranium lake. The green tipped sepals are of Neyron rose recurving with a short tube fading from Neyron rose at the base to pale carmine rose. Attracted a great deal of attention at the 1939 Fuchsia Show at our Nursery. 50c each; \$1.00 each, 6 inch pots.

SANTA BARBARA (Triumph of Frankford)—Bright rose pink corolla with white tube and sepals lightly shaded pink.

SCHNEEWITSCHEN (See Countess of Aberdeen).

STANFORD (Hazard & Hazard)—Sepals red and corolla single white. New foliage beautiful bronzy color.

STARLIGHT — Large deep rose pink corolla shading from white base. creamy white tube and sepals. Dwarf. 35c.

SUNRAY—Ornamental variegated foliage, silvery white and green. Rosy purple corolla and salmon sepals.

SUNSET (Niederholzer) — Single open saucer shaped flower of deep salmon orange. 50c.

SUZETTE (Hazard & Hazard) — On the species Reflexa type but larger with pink and white waxy flowers. Very small foliage. A most uncommon fuchsia. \$1.00 each.

SWANLEY GEM—Dark mauve purple shaded to carmine base, very long pointed scarlet sepals. Medium size, free blooming.

SWANLEY YELLOW — Extra long tube and sepals of light apricot and deep orange pink corolla. 2½ inch pots, 35c.

THE DOCTOR — Deep pink to deep rose corolla with long pointed sepals of soft salmon pink. Very fine and showy. 35c.

THOMASINA — Medium sized flowers. flesh colored sepals, dark henna orange petals. 4 inch pots, 50c.

TREASURE ISLAND (Victor Reiter) — Sepals satiny Neyron rose with tip of pale green. Corolla shades from Neyron rose at the base to Fuchsine pink of the palest hue, veined in deeper shade of Neyron rose. Vigorous growth. 35c each.

VALIANT—Very large individual flowers and large masses of blooms with rosy red corolla and bright scarlet sepals.

VENUS VICTRIX — Small very distinct type with deep violet blue corolla and white sepals delicately tinted pink. 2½ inch pots, 35c; 4 inch pots, 75c.

THE DOCTOR

Single Flowered Fuchsias—(Continued)

VOLTAIRE — Tube and sepals scarlet, single violet plum corolla, veined rose 35c

WAVE OF LIFE—Needs a warm location with bright golden yellow foliage, purple corolla and scarlet sepals.

WHITE BEAUTY—Open saucer shaped corolla of single white petals lightly veined scarlet, scarlet sepals reflexed back against the short tube.

YERBA BUENA (Reiter, Sr.) — Another fuchsia of unusual color of a tall upright growth with single flowers of a frilled and toothed form. The corolla which is interestingly convoluted and toothed ranges from deep Tyrian rose on its margin to rose madder at its base. The completely upturned sepals are pale carmine. We believe this one will be in demand by every one who has one or more fuchsia plants. 50c each; 6 inch pots \$1.00 each.

GARTENMEISTER BONSTEDT

Triphylla Hybrids

CHRISTMAS GEM (Rottengen) — Long thin vermilion red tube with short orange red corolla. Bronze red leaves with velvety sheen. Terminal flower clusters.

CORALLE—Large clusters of rich orange salmon flowers. Blue green leaves.

GARTENMEISTER BONSTEDT — Flowers glowing brick red with orange shading. Dark bronze red foliage.

H. A. GREENE—Hybrid evidently from Boliviana with larger individual flowers of about the same shade. 2½ inch pots, 25c.

LADY CLAIRE (Evans Gardens)—Short flowers with cerise tube and orange petals. Dark, glossy green foliage. 4 inch pots, 35c each.

LEVERKUSEN (Triphylla hybrid) — Large single flowers with rosy salmon corolla and sepals. Free flowering. Very fine. 35c each.

MARY — Long brilliant scarlet flowers with narrow dark blue green leaves.

SOUVENIR DE HENRY HENKEL (Andenken a II. Henkel)—Long tube and sepals of deep pink, short orange pink corolla. Reddish foliage. Dwarf habit.

TAUDESCHEN BONSTEDT—Long tubular flowers in clusters of pale salmon pink color. 2½ inch pots, 35c.

THALIA — Bronze green foliage and long orange scarlet sepals and short orange red corolla. Tall upright growth.

ABBEY FARGES

Double Flowered Fuschias

ABBEY FARGES—Tall upright growth with masses of medium sized flowers, the corolla a silvery lilac and deep pink sepals.

ALICE EASTWOOD (Hazard & Hazard)—Large semi-double with heavy reflexed sepals of crepy white and washed rose red. Corolla white veined rose red. A beautiful fuchsia. 4 inch pots, 50c each.

ALSACE—Large double white, slightly flushed rose with scarlet sepals. Tall.

ALFRED RAMBEAU—Double violet purple corolla and scarlet sepals.

ANDRE LE NOTRE—Extra large flower of prune blue corolla changing to carmine flush, broad scarlet sepa's. A fine double.

AVALANCHE—Short corolla of rich purple shaded carmine at base, scarlet sepals, leaves flushed yellow and bronze.

BALLET GIRL—Tube and sepals bright red, corolla white veined cerise at base of petals. Different from other whites.

BARON VON KETTELER—A giant flowered variety with deep rich purple corolla and scarlet sepals.

BEAUTY OF EXMOUTH—Rich lavender blue short corolla, streaked and flushed carmine pink. Scarlet sepals.

BELLA FORBES—Creamy white corolla, suffused cerise, bright cerise sepals.

BERLINER KIND—Large double white with carmine base, deep clear pink sepals.

BLUE GOWN—Deep blue corolla, light carmine tube and sepals. A fine variety. 2½ inch pots, 35c; 4 inch pots, 50c.

BRENTWOOD (Evans Gardens)—Dwarf semi-double pure white in the shade but with light tinge of pink in some sun. Slow growth. 4 inch pots, \$1.00.

CONSTANCE

Double Flowered Fuchsias—(Continued)

BUFFON—Corolla bluish white with scarlet sepals.

CAMELLIA — Large double white with spreading petals flushed cerise and crimson sepals.

CLIO — Long semi-double white corolla with scarlet sepals. Very fine. 35c.

CONSTANCE—One of our own hybrids from Pink Pearl, and is one we very highly recommend. Same upright habit with double blue shaded pink corolla and soft pink petals. Very free blooming.

CRISTAL — Semi-double white with long corolla and scarlet sepals.

DAINTY LADY—A charming variety of neat bushy habit, semi-double corolla of white veined carmine at base, tube and sepals deep red.

DANUBE BLUE—One of the very fine late introductions from France. Double blue spreading corolla with deep pink sepals. 35c.

DE CHERVILLE — Double bright rosy magenta with scarlet sepals.

DIAMANT—Large white with loosely arranged petals, streaked carmine, scarlet sepals.

DOLLAR PRINCESS—Short full double corolla, purple shaded rose at base changing to rosy purple, scarlet sepals.

DR. JOHN GALLWEY (Reiter, Sr.)—The flowers of this variety are exceptionally large with a full double corolla of a rich creamy white veined at the base with rose madder. The sepals are broad and large pointing upward and outward from the corolla of the pure rose madder throughout. The flower stems are quite long allowing the large flowers to hang well out from the foliage. 50c each.

CAMELLIA

DR. VANCE (Evans Gardens) — Large, loose double flowers. Vivid red sepals, violet petals flushed cerise. 4 inch pots, 50c.

DUCHESS OF EDINBURGH—Very large double white corolla and deep pink sepals. 35c.

ELSA—Rosy purple corolla and tube and sepals wax white flushed rose pink.

FASCINATION (Irwin's Giant Pink)—Compact bushy plant with full corolla of soft rose petals, streaked and flushed deeper, deep pink sepals. A very fine variety.

FLOCON DE NEIGE—Semi-double white of quite pure color with petals loosely arranged, sepals bright red. Very fine.

FRA ELBERTUS (Hazard & Hazard)—Large double violet corolla with fine lavender line on edge of petals, sepals red, very pointed at ends. Foliage golden veined red. 50c each.

Double Flowered Fuchsias—(Continued)

FASCINATION—(Irwin's Giant Pink)

GENERAL ROBERTS (Phenomenal) — Large rich plum purple corolla streaked carmine at base, reflexed scarlet sepals

GERBERT—Outer row of petals bright scarlet, streaked and splashed deep purple, inner rows all deep purple. bright scarlet sepals.

G. MONK—Compact grower, fine for pot culture. Fine blue corolla and deep pink sepals.

GEORGE PORTESI—Violet blue corolla with scarlet veins, scarlet sepals. Very large flowers.

GLOIRE DE MARCHI—Medium grower with medium sized white corolla and deep pink sepals.

GLADIATOR — Dwarf habit with white petals flushed pink at the base. See color plate.

GRENADIER—Another very fine late introduction with long pointed scarlet sepals and full double violet purple corolla. 35c.

GUY DAUPHINE — Violet plum corolla splashed carmine, carmine sepals.

GYPSY QUEEN—A very fine Fuchsia. Enormous flowers with deep crimson sepals and rosy mauve petals. Highly recommended. 4 inch pots, 35c.

H. DUTTERAIL — Double plum corolla with scarlet sepals. 35c.

HAP HAZARD (Hazard and Hazard)—Rich deep purple with fine white line around edge of each petal, scarlet sepals.

IRWINS GIANT PINK—See FASCINATION.

IVOIRE — Short full double ivory white with crimson sepals.

GYPSY QUEEN

Double Flowered Fuchsias—(Continued)

GLADIATOR

JOHN McLAREN (Hazard & Hazard)—

Large semi-double flowers with nicely shaped spiral tight corolla of light hyssop violet, sepals very heavy waxy texture, lacquered red outside and much lighter color inside. Both foliage and flowers of heavy waxy texture. Very fine and different from any other fuchsia. 50c each.

JULES DALOGES—Corolla rich violet

tinted red, very large double, reflexed scarlet sepals.

JULIETTE ADAMS—Tall upright grower

with white and red streaked flowers and scarlet sepals. A fine variety.

KITTY O'DAY (Hazard & Hazard)—Very

double. Tube and sepals rose red. Corolla white washed and veined rose red. Petals beautifully cupped or rolled in edges, rose-like. A handsome large very floriferous variety. 50c each.

LACEDEMONNE — Coral red sepals, large corolla double. 35c.

LENA

LA FRANCE—Dark blue purple corolla, bright red sepals.

G. MONK

Double Flowered Fuchsias—(Continued)

LAVENDER BEAUTY — Beautiful lilac suffused rose, carmine veins, broad, deep pink sepals.

LENA—Double rosy blue corolla with colored sepals. 50c.

LE ROBUSTE — Very large violet blue veined with dark rose, scarlet sepals and light yellow green foliage.

LILAC QUEEN—Dwarf bushy habit with medium sized rosy lilac flowers, deep pink sepals.

MADAME DANJOUX — Fine double white heavily suffused carmine, red sepals. 35c.

MARVEL — Medium sized shrub with short mauve purple corolla and scarlet sepals.

MARY LOU (Hazard & Hazard)—Double corolla of beautiful creamy white, sepals crepy, long pointed, much reflexed, white washed rose red. 50c each.

MAUVE BEAUTY — Beautiful short corolla of lilac mauve with deep pink sepals. A real beauty.

MICHELANGELO—Sepals crimson, large double violet plum corolla, veined red. 50c.

MISS B. HESSE—Bushy habit with masses of white veined rose, scarlet sepals.

MME. CARNOT—Very large full double pinkish white corolla with red sepals. 35c.

MME. JULES CHRETIEN—Double white corolla, red sepals.

MME. LANTELMA—Very large full corolla of soft pink with crimson sepals.

MOLESWORTH — Full double snowy white, scarlet sepals.

MONSIEUR MORLIERE — Large violet purple flattened corolla with deep red sepals.

MR. GLADSTONE—Very full plum purple corolla, crimson sepals.

MRS. DESMOND (Introduced by Hazard & Hazard)—Large flowers, sepals rose red inside, darker outside. Corolla light amparo purple exquisitely veined. 50c each.

MRS. E. G. HILL—Spreading white petals veined and flushed carmine, partly reflexed deep pink sepals.

MRS. GIDEON BROWN — Large double violet purple corolla with scarlet sepals. 35c.

MRS. GLADSTONE — Very large double white veined crimson, bright clear pink sepals. One of the best.

PASTEUR—Tall upright growth with masses of silvery white flowers and reflexed deep pink sepals. Very popular.

PRIDE OF ORION

Double Flowered Fuchsias—(Continued)

PATTY EVANS (Evans & Reeves) — A vastly improved Rolla of which it is a seedling. The plants are extremely vigorous growing to a height of 5 to 6 feet with large double flowers with corolla pure white and long elegant sepals of waxy white tinted a soft rose on under side. 50c each.

PAUL CAMBON — Corolla intense blue, very double flower with short petals, sepals cerise, slow growing but a beautiful flower.

PAVLOVA (Hazard & Hazard) — Single corolla light rose pink nicely veined with rose red. Sepals deep rose pink washed with rose red. Long broad sepals fold back against the tube and the corolla of just four large beautifully shaped flaring petals is outstanding. 50c each.

PERLE MAUVE — Very fine violet blue corolla and deep pink sepals. 4-inch pots, 35c.

PHENOMENAL—See **GENERAL ROBERTS**.

PHENIX—One of the recent importations that we can give little information on at this time. 50c each.

PINK BALLET GIRL—Large blue pink corolla with white flushed carmine sepals. Very fine and very free blooming.

PINK PEARL—A real beauty in a tall upright plant with masses of clear double pink flowers and light pink sepals. A favorite with us.

PRESIDENT FELIX FAURE—Violet purple corolla and red sepals.

PRIDE OF EXETER—Long corolla with large broad petals of deep rose lightly suffused violet. Long pointed reflexed sepals of light rose. Tube white shaded pink. 2½ inch pots, 35c.

PRIDE OF ORION (Pride of Oxford) — Large loosely arranged white petals veined and splashed crimson and scarlet, long pointed reflexed sepals of brilliant scarlet. One of the finest double white fuchsias. Medium grower.

PRINCE OF MAY—Tall growing with violet blue corolla and scarlet sepals. Very large flower.

RACINE—Large double blue-purple with red sepals.

ROLLA—A very distinct variety with white corolla and white sepals suffused with pale pink. One of the most popular in our collection. 2½ inch pots, 35c; 4 inch pots, 50c.

RONSDARD—Medium sized flower of violet purple with deep pink sepals. Very free blooming and tall grower.

ROSE PHENOMENAL—Very large flowers, very full corolla of violet lavender suffused rose and veined crimson, broad deep crimson sepals. A fine variety.

ROYAL PURPLE — Corolla most intense vivid purple, tube and sepals scarlet. Very showy. 2½ inch pots, 35c.

SANTA MONICA (Evans Gardens)—Very large double flowers, bright red sepals, white petals changing to pink and veined cerise. Vigorous. 4 inch pots, 35c each.

SCABIEUSE—A fine French importation with deep blue purple petals shaded lighter at the base, red sepals.

SCINTILLATION (Hazard & Hazard) — Sepals long, reflexed, tyrian rose inside, darker outside. Corolla single to semi-double with edges of petals picoteed. Strong grower. 35c each.

STORM KING—Elongated and inflated bud of bright scarlet tube and sepals, corolla double waxy white with crimson veins at base of petals.

Double Flowered Fuchsias—(Continued)

SUZANNE PASQUIER—A very fine new variety with fine foliage and large pointed buds, opening to white with scarlet sepals. 2½ inch pots, 35c.

SYDNEY MITCHELL (Hazard & Hazard)
—Large double very fine dark Suzanne Pasquier with longer sepals and different foliage. Red veins in the foliage. One of the largest fuchsias. \$1.00 each.

TENOR—Deep violet rose corolla with crimson sepals.

TORPILLEUR — Loose white petals flushed and definitely veined with carmine, scarlet sepals.

VANDER STRASS—Short double white corolla with crimson sepals.

VELASQUEZ — Large double white streaked and flushed carmine with deep pink sepals. 50c.

VERA SERGINE—Another very fine recent introduction on the Rolla type. Semi-single white corolla and very light pink sepals. 75c each.

VICTORIEN SARDOU—Double dark purple with red sepals.

VINCENT D'INDIE

VINCENT D'INDIE—Enormous violet purple corolla, suffused carmine, carmine sepals. One of the fine new doubles.

WHITE PHENOMENAL — Tall grower, white veined carmine petals, crimson sepals.

Tree Form Fuchsias

Special Quantity Price

50 strong plants from
4 inch pots (our
selection) all differ-
ent, for \$10.00, post-
paid anywhere in the
United States or de-
livered free.

Fuchsias are easily trained to grow in tree form. We have designed an umbrella-like galvanized iron frame to aid you in having splendid plants.

Price of frame for training to tree form, \$1.75 each
F.O B. Berkeley. Shipping weight 4 lbs.

This frame consists of stake either 4, 5 or 6 feet long with an umbrella-like frame which fits on top of the stake; all material galvanized steel and wire.

FUCHSIA SPECIES on pages 3 and 4 offer some unusual types, especially for the more sunny locations.

TRAILING AND HANGING BASKET FUCHSIAS—On page 5 will be found an ever-growing list of this popular type.

VISIT OUR GARDENS—We maintain specimens of all fuchsias growing in the nursery for display of bloom and a visit to our nursery during the summer will acquaint you with the possibilities of bloom. It's a sight worth seeing. You're welcome at any time.

HANGING POTS — 10-inch size, without plants, complete with wire hangers at \$1.00 each.

Fuchsias as Pot Plants

Many varieties make admirable pot plants for porches and outside terraces. When so grown they should be kept well watered and fed frequently, possibly every six weeks during the growing period.

Our recommendation is GAVIOTA FERTILIZER used in small quantities with a mulch of peat moss on top of the soil.

When treated as above they will reward you with plenty of bloom.

Dwarf and Medium Growing Varieties

Fuchsia Pot Plants—

For culture in pots see note on page 21 for best procedure.

For Other Information About Prices, Shipping, Sales Tax and Culture, See Page 2 of Catalog.

1941 *Introductions*

CURLY WURLY (Neiderholzer)—Strong upright plant with an abundance of flowers. The turkey red sepals are oddly curled and whirled. The single corolla of very fine bell shape is a very dark violet purple, lighter at the base and with brilliant red streaks. 75c each.

FALLING STARS (Reiter, Sr.)—Trailing. A glorified Morning Mist. Tube and broad sepals of a pale carmine scarlet. Large corolla of deep brick orange red. 75c each.

FANFARE (Reiter, Sr.)—Very large trumpet shaped flower with an amazing rich coloring. Exceptional vigor and fine foliage. The long narrow tube and sharply pointed sepals of a varnished turkey red. The large flaring corolla is of pure scarlet. 75c each.

MADEMOISELLE (Reiter, Sr.)—A bush type strong and vigorous with the blooms coming in continuous profusions on the tips of every branch. The tube is white blotched crimson and the sepals white tipped green. The medium small single corolla is of clear pale rose. 75c each.

MEPHISTO (Reiter, Sr.)—Strong growing upright type with very brilliant flowers of medium size with the entire flower of the deepest crimson. 75c each.

PACIFICA (Neiderholzer)—Extremely floriferous with the crimson upright sepals slightly twisted. A single and semi-double corolla of orchid purple lighter at the base and darker on edges with fine crimson veins. 75c each.

PASTEL (Reiter, Sr.)—The great improvement over the recent introduction, Treasure Island. Short tube and large broad sepals of pale Neyron rose with the single corolla of old rose shaded lilac. Strong grower. 75c each.

REITER'S GIANT (Reiter, Sr.)—One of the largest double flowered Fuchsias. The tube is short and thick and the broad sepals of pure carmine. The corolla is globular often exceeding three inches across with the color of the sepals splashing into the base of the corolla of crimson. The bulk of the corolla is of a deep blue purple. A good bush variety. 75c each.

SAN FRANCISCO (Reiter, Sr.)—Trailing type. A rather thick translucent tube and the sepals are a pale carmine rose in the inside and carmine rose on the outside. Large single corolla of pure deep orange red. The grower's opinion states "An absolutely distinct Fuchsia in every way and at least the equal of any variety we have ever introduced." 75c each.

WISTERIA (Neiderholzer)—Strong growing Fuchsia with a narrow long tube and oblong bud of almost white with very pale green tip. The inside of the sepals is tinged with Phlox pink. The single corolla is Mallow purple, irregular with each petal on a long peduncle. In addition each sepal rolled up carries a miniature petal on its base. 75c each.

NOTE: Any 3 or more of the above at 50c each or the entire 10 for \$4.50.
